

Memory game: The meaning of architecture

Pairs (Pelmanism): important names and terms. Before you watch the film "The meaning of architecture", study the following terms from the film. Afterwards you can cut them out and play "pairs" with them.

architecture	"building", art of building, the planning and creation of buildings
services	people and companies provide these for society. i.e.: freight forwarder, rubbish collection, laundry, massages/therapy, legal advice, banking, insurances, etc.
irrational	not rational; deprived of reason
builder	responsible for carrying out a building job
aesthetics	science of beauty and harmony
functionality	something (i.e. a building) fulfils a special function
sustainability	using an ecosystem economically without destroying it. i.e.: sustainable forestry: more trees are planted than taken down.
